EDUCATION

Cavite State University | Indang, Cavite
B.S. in Computer Science

Sep. 2023 - Present

RELEVANT EXPERIENCE

DocypherLabs | Kawit, Cavite

Jul. 2025 - Jan. 2026

Special Mentorship Program - Apprentice

- Selected for DocypherLabs' AI & Digital Transformation Apprenticeship, rotating across data analytics, prompt engineering, social-media funnel design, and AI-agent automation (Make.com, Tray.ai, n8n) to build full-stack AI business skills.
- Built and prototyped AI-powered solutions using LLMs (GPT-4, Gemini, DeepSeek) and agentic frameworks, while contributing to content generation, research, lead generation, and knowledge-base creation for community impact.

PROJECTS

Brewlytics - Business Intelligence Web Application | *Software Engineering II Project*

December 2025

- Built a business intelligence web system for a local coffee shop with a team of 3, featuring sales analytics dashboards, inventory and recipe management, employee attendance tracking, and AI-generated interpretative reports via Google Gemini API.
- Integrated ARIMA statistical model for sales forecasting, connected Loyverse POS API for real-time data, and deployed the system using Supabase and Vercel.

Rotato - Mobile Application | *App Development and Emerging Technologies Project*

January 2026

- Built a dorm task and payments management mobile app with a team of 5 for DCIT26 course, featuring rotating chore assignments, split billing with proof-based payment verification, and a gamified potato badge system.
- Implemented real-time notifications, server creation/joining, an announcements feed with reactions and comments, and multi-modal task tracking (permanent and reported) using Firebase as the backend.

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript, TypeScript, C++

Tools and Frameworks: Git, Flask, Expo Go, React.js, Next.js, Supabase, Firebase, Vercel

AI/ML Tools: Gemini API, Cursor, Amazon Q, GitHub Copilot, n8n, Make.com, Zapier, Airia

LEADERSHIP EXPERIENCE

Computer Science Student Organization | Indang, Cavite

Jan. 2024 - Jun. 2024

Vice President for Records and Documentation

- Led the development, implementation, and oversight of records management strategies to ensure organizational integrity; worked cross-functionally to streamline documentation workflows, enhance data governance, and uphold transparency and accountability across all committees.
